

For standard locks

**SF**

<https://www.locinoxusa.com/gate-hardware/keeps/for-bolt-on-locks/d00000050>

The durable, stainless steel surface mounted keep is designed for our complete range of surface mounted swing gate locks. The limited 5/16" visible thickness ensures a discreet look while strongly securing to the gate frame with our unique Quick-Fix bolts. With minimal gate preparation needed and a quick assembly, the keep offers a highly-efficient and cost-effective installation. The SF keep and gate lock combined provide a strong gate anchoring for reliable access control.
